

NOTICE OF TEMPORARY CLOSURE- March 16, 2020

Dear Patients and Families:

We have continued to closely monitor the COVID-19 pandemic and the guidance provided by national, state and local public health and safety authorities. The Town of West Hartford has now declared a state of emergency. Due to our utmost concern for our patients and staff, we are temporarily closing our office for two weeks, effective Tuesday, March 17, 2020, and as of now, we anticipate re-opening on Monday, March 30, 2020. As healthcare providers, we believe it is important to take all the necessary measures to keep our communities safe.

If you have an appointment scheduled during this temporary closure, our office will be in touch to reschedule your appointment once it is safe to return to normal operations. Our doctors will be available to triage dental emergencies that may arise during this time.

We will continue to monitor and evaluate the situation and provide updates as they are available. Please stay safe and healthy. We look forward to seeing you when we are able to return to normal operations. Thank you for your understanding at this challenging time.
